Special Skills

I am a highly proficient athlete, having played varsity basketball and football in high school, and routinely playing basketball to this day. I am also very comfortable on a skateboard and can cruise and ollie, and very comfortable lifting and handling weights/exercise equipment. In addition, I have considerable modeling experience in the KY/IN/OH area for companies such as Finish Line and Keeneland racetrack, as well as being invited to and participating in at a modeling showcase in Paris, France.
